**WHEREAS**, as of March 18, 2020, there were 90 confirmed cases of COVID-19 in the state of Wisconsin, including in the counties of Fond du Lac, Milwaukee, Dane, Pierce, Racine, Sheboygan, Walworth, Waukesha and Winnebago; and

**WHEREAS**, the CDC expects that widespread transmission of COVID-19 in the United States will occur, and that in the coming months, most of the U.S. population will be exposed to this virus; and

**WHEREAS**, the CDC anticipates that widespread transmission of COVID-19 could translate into large numbers of people needing medical care at the same time, causing public health and healthcare systems to become overloaded, and affecting other critical infrastructure, such as law enforcement, emergency medical services, and sectors of the transportation industry; and

**WHEREAS**, there is currently no vaccine to protect against COVID-19 and no medications approved to treat it; instead the best way to prevent infection is to avoid being exposed to the virus, which also delays the spread of the virus and reduces the impact of disease; and

**WHEREAS**, the City of Lake Geneva is focused on protecting the health, safety, welfare, and good order of the Lake Geneva community, including those members at highest risk; and

**WHEREAS**, the conditions created by these public health emergencies pose a continuing and substantial threat to public order, life, health and safety of the citizens of the City of Lake Geneva; and

**WHEREAS**, the City of Lake Geneva in cooperation with the local, state and federal governmental entities desires to take action to prevent exposure to and spread of the COVID-19 coronavirus; and

**WHEREAS**, because of such emergency conditions, the City Council was unable to meet with promptness to address the issue immediately; and

**WHEREAS**, these emergency conditions require a proactive response to stop the spread of COVID-19, including providing support to implement federal, state, and county public health operations and recommendations.
